EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 18-20 have been canceled.

The cancellation follows the removal of claims in the Office action dated 11/21/03, to which no response was made. Neither the unsuccessful traversal of the restriction requirement nor the nature of the Groupings, and how they might or might not be separable, was not mentioned again by Applicant during the prosecution, and it is clear from the prosecution that Applicant makes no attempt to offer an adequate traversal in response to the Examiner's finality on the restriction requirement, asserted in said Office action of 1/21/03. Thus, the claims, removed from consideration in a prior Office action and not petitioned by Applicant, have been canceled to expedite allowance of the application.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Art Unit: 3653

The method claim 25 defines over all cited art because the pertinent art does not teach detecting the amount of bills after reversal of the pushing section's movement.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel K Schlak whose telephone number is 703-305-0885. The examiner can normally be reached on Mon-Thurs.
